UEA
University of East Anglia

MONEY HACK

DATES VARIOUS SATURDAYS IN SEPTEMBER - NOVEMBER 2019

TIME 11AM-3PM

VENUE UEA, NORWICH, NR4 7TJ

This exciting ten-week programme will allow Year 10 students to work in the brand new FinTech lab at UEA's Norwich Business School. Students will develop team projects related to chatbots, artificial intelligence, negotiation, business games, sentiment analysis, cryptocurrencies, internet of things (IoT), Apple/Android pay and social media.

Students will discover the essential knowledge and skills that are useful for a whole variety of jobs in the financial industry. They will get to talk about their ideas and aspirations with experienced professionals from UEA and world-leading firms in Norwich, including: Aviva, Marsh, Thyngs, Barclays Digital Eagles, Rainbird and ubisend.

Roll up, roll up! The final project will see all teams set up a market stall in Norwich to sell their projects. After completion, students will earn a certificate plus the opportunity to win a Raspberry Pi microcomputer.

The event is totally free to attend but students must commit to all ten sessions. Students must complete an application form and satisfy eligibility criteria. Full details and the application form can be found online:
